### Description

It's a cinch to precisely cut straight lines when you use the 12" Portable Trimmer.

A unique easy-glide blade system yields precise, straight cuts every time, while an ergonomic, custom-fit handle provides a smooth grip over hundreds of cuts.

The dual-hinged rail makes it simple to quickly load materials, measure, and cut from either side.

Continuous measuring marks, rulers in inches and centimeters, and 1/4" grid marks—along with a 15" (38 cm) swing-out arm—help you measure for accurate results.

Keep replacement blades in the convenient storage compartments on the underside of the trimmer.
