Description

Silhouette Connect™ gives you the ability to send projects you've designed in Adobe Illustrator® or CorelDRAW® straight to your Silhouette electronic cutting tool with no need to convert them to a Silhouette Studio® compatible format.

Features

Silhouette Connect™ allows you to design a project in either Adobe Illustrator® or CorelDRAW® and send it to your Silhouette.

You're able to add registration marks for print & cut projects and adjust the cut settings for different material types.

You're also able to cut by individual layer or line color, so you can easily alternate between different blade/pen settings.

Instructions

- Mac:
 1. Download Silhouette Connect™ from <http://www.silhouetteamerica.com/software/silhouette-connect>
 2. Double-Click the DMG to open it.
 3. Double-Click the Silhouette
 4. Follow the on-screen instructions and enter the license key when prompted.
- PC:
 1. Download Silhouette Connect™ from <http://www.silhouetteamerica.com/software/silhouette-connect>

2. Double-Click the Silhouette Connect™ Installer.exe
3. Follow the on-screen instructions and enter the license key when prompted.

Overview

The [Silhouette Connect](#)® plug-in allows users to send projects to the Silhouette electronic cutting tool directly from Adobe Illustrator® (CS4 – CS6, CC; *does not support illegal copies of Illustrator*) or CorelDRAW® (X4 - X6 - Full version only; *does not support "Home and Student", "Essentials" edition, or illegal copies of CorelDRAW*). The plug-in does not currently work with any other vector imaging programs aside from those listed in the *Compatibility* section below.

The Silhouette Connect® plug-in includes the ability to add registration marks for [print & cut](#) jobs, which work with the Silhouette machine's registration mark sensor.

The Silhouette Connect® plug-in is offered at a cost of \$39.99. The license allows the user to utilize the plug-in on up to three different computers. Once installed, the plug-in is accessed directly from the major vector imaging program in question.

The plug-in requires Adobe Illustrator® or CorelDRAW® to be installed on the computer in question. Purchase of the Silhouette Connect™ plug-in does not include the Adobe Illustrator® or CorelDRAW® software.
